

Caldwell County Feral Hog Task Force

Donation Form

How will my donation be used? The goal of the Caldwell/Hays County Feral Hog Action Plan is to *significantly reduce the feral hog population and feral hog economic, agricultural and environmental damage in Caldwell and Hays County*. As part of a joint agreement, the **Caldwell County Feral Hog Task Force**, which includes representatives from both Caldwell County and Hays County, is responsible for implementing the FY2014 Feral Hog Bounty Program and additional *Special Programs* called for by the Action Plan. A voluntary Leadership Committee made up of landowners and technical advisors has been elected by members of the Caldwell County Feral Hog Task Force. As this Action Plan is designed to be dynamic and performance based, donations will be directed to the programs with the most cost-effective means of harvesting and removing feral hogs in Caldwell County and Hays County.

Future efforts to ensure a manageable feral hog population in these counties will be driven in large part by participant donations. The donation guide is only a suggestion. **Donations are not required but would be very much appreciated to ensure the long-term success of this effort.**
